Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Neither Henson, EBuild '01, Tavor nor ASHRAE '93, taken alone or in combination, provide sufficient disclosure to teach or suggest the claimed computer-based method and system for providing guidance to a purchaser for selecting an appliance that requires venting of air relative to a building structure where the appliance is located, specifically including determining and making a recommendation to the purchaser regarding suitability of external venting structure relative to the appliance of interest, wherein the recommendation is selected from at least one of the following:

1) indicating changes to be made to the external venting structure that would make the external venting structure suitable for meeting the air flow requirements of the appliance of interest; and 2) indicating to the purchaser whether or not the external venting structure presently meets one of a plurality of predefined air flow ranges relative to the appliance of interest, each of said air flow ranges indicative of a predefined distinct condition of venting for the appliance of interest;

in conjunction with the remaining limitations of independent claims 1 and 11. See applicants' remarks on pages 8-9 of the Response filed 08 July 2004.

All remaining prior art of record, including those references listed on the attached Notice of References Cited, also fail to teach or suggest each and every limitation of independent claims 1 and 11, for reasons similar to that above. The prior art made of record on the attached Notice of References Cited is considered pertinent to applicants'

disclosure. These references generally disclose automated design of HVAC systems within a building structure with use of a database, but all fail to teach or suggest the limitations noted above.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Goddard whose telephone number is 571-272-4020. The examiner can normally be reached on M-F, 9 AM - 5 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Safet Metjahic can be reached on 571-272-4023. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
